

# MULTI MISSION PLATFORM

MEPT (Multi-Engine Pilots Training)

Phenom 100

 **EMBRAER**  
Defense & Security

With a growing presence in the global market, Embraer Defense & Security plays a strategic role in Brazil's defense system. The products and solutions of Embraer Defense & Security are present in 48 countries, serving over 50 armed forces. Our portfolio includes military airplanes, state-of-art radar technologies, unmanned aerial systems (UAS) and advanced information and communication systems, with applications in Command, Control, Communications, Computing, Intelligence, Surveillance and Reconnaissance (C4ISR).

The **Phenom 100 MEPT** is a capable platform to support all multi-engine pilot training tasks with the following enhanced capabilities:

- Single-pilot workload philosophy
- Low operating costs
- Designed for high utilization and availability
- Observer seat
- Military communication
- Quick Access Recorder to retrieve flight data

**Phenom 100 MEPT** has been the chosen multi-engine training tool of respectful training institutes on the civilian and defense sectors.
